“Do you know the reason for the Season” As the story is told “When Jesus was born in Bethlehem of Judea in the days of Herod, the king, behold there came wise men from the east to Jerusalem. Saying, Where is he that is born King........And when they saw the young child with Mary his mother, and fell down, and worshiped him; and when they presented unto him gifts, gold, and frankincense, and myrrh.

This is the time of the year we Legionnaires collect food, clothing and toys. That are given back to the need families and individuals in our neighborhood. That is part of our preamble “devotion to mutual helpfulness”. I want to thank you all for your dedicated service and all that you do for this Department. As we enter in this holiday season may the great architect of the universe continue to bless you and your family.

One goal, one mission, one plan. United as one Family “Supporting Veterans, Communities, and families

Eddie Asberry
Commander

The 2020 National High School Oratorical Scholarship Contest
“A Constitutional Speech Contest”

An eighty-one year tradition is once again upon us. It is time for us to step forward and provide the youth of Georgia the opportunity to learn the foundation of our great nation. To learn leadership for they will soon take their place as the generation who will maintain our great nation and preserve our US Constitution.

Keep the following deadline dates in mind when coordinating your contests:
POST Contest completed by Sunday, FEB 2nd, 2020 with Post results to Dept Chairman by 5pm
DISTRICT Contest completed by Sunday, FEB 16th 2020 with District results to Dept Chairman by 5pm
AREA Contest completed by Sunday, MAR 1st 2020 with Area results to Dept Chairman by 5pm
DEPARTMENT of GEORGIA Contest will be on: Sunday, MAR 15th 2020 @ 2pm Willingham Chapel, Mercer University, Macon, GA 31217

Please email your Post & District Oratorical contest times, dates, & location of contest to Dept of GA Oratorical Chairman Arnie Geiger.
For additional information contact Dept of GA Oratorical Chairman
Arnie Geiger, geiger117@bellsouth.net or (404) 273-1542

We wish you and your families a Safe and Happy Holiday Season!
The Importance of Membership

In today’s Hi-Tech world it would seem that membership in highly respected organizations might be on the decline. People can connect via social media and information can be passed 5 times as fast. So why join the American Legion when the general public can get information on the worldwide web.

Camaraderie – Men and women that shared the same rigors of military service have a special bond and are inclined to continue to serve after their hitch has ended. The American Legion has that same shared value system.

Support – Veterans have supported each other for the common good all their lives. American Legion provides support at the grass roots level from local Posts which include Service Officer Support, Post Socials, helping the aged, providing comfort items, hosting social programs for veterans in the VA system and supporting community events. These are just a few examples of how we support each other.

Representation – Being a member and paying dues supports the office we maintain in Washington, DC and allows us as The American Legion to have a seat at the table. I once heard you either have a seat at the table or you are on the table. How many benefits would have been lost or not even exist without this support?

Networking – While social media has a ton of advantages there is no greater advantage than maintaining a local network. American Legion members are engrained in their particular communities and are often called on for opinions and advice from local businesses and local officials.

Benefits – These are normal in most membership packages but could save you the price of American Legion membership over the year. Hotels, Car Rentals, Computers. Insurance are just some of the discounts available as an active member.

Employment - Having an American Legion membership is a definite plus on a resume. This along with professional experience as an Officer or Committee Member could bring professional opportunities and help to set you up for future success.

The importance of membership is not only outlined above but we must continue to evolve to meet the needs of all members. Each member should see their yearly dues as an investment and we must ensure their investment is used wisely.

Lastly, we all should be actively recruiting and helping our members to remember to renew. It is up to you to ensure they have the advantages of being an active member of The American Legion.

An ailing body needs blood for various reasons. He/she may be attacked with anemia, undergone an operation or may meet with an accident. But such a patient may die for want of blood as it is not always available. Every two seconds someone in the U.S. needs blood. Think about that a minute, EVERY 2 (TWO) SECONDS, someone needs blood. It is essential for surgeries, cancer treatment, chronic illnesses, and traumatic injuries. Whether a patient receives whole blood, red cells, platelets or plasma, this lifesaving care starts with one person making a generous donation.

People have held blood drives and given blood since community service became an American value. It’s only natural that The American Legion - with community service as one of its pillars - be heavily involved in blood donation efforts. The American Legion Blood Donor Program has existed officially since 1942 to help that cause. Each year - especially since 9/11 - Legionnaires have donated in spades, and departments have coordinated efforts at the post level. The Blood Donor Program honors those departments that best participate in blood-donation efforts, recognizing departments in two areas: for post participation and individual Legionnaire participation.

Legionnaires participate by giving blood and reporting it to their posts, which mark the donation on their annual Consolidated Posts Reports. Similarly, posts that host blood drives mark their participation on their Consolidated Post Reports, listing number of drives held and total pints donated (for Legionnaires and non-Legionnaires).

Contact the Red Cross in your area, if you are interested in coordinating a blood drive. It is a rewarding experience for all participants, the donor as well as the person receiving the blood.
Holiday Cheer!

What exactly is Holiday Cheer? Is it an emotion? Is it a feeling? Maybe it’s the knowledge of knowing that Christmas is a time to celebrate the birth of Jesus Christ and that should make a person cheerful.

I know that there are many different faiths and even more ways to worship. In today’s world of ultra-sensitivity and self-consciousness it is difficult to openly celebrate Christmas without the fear of offending someone. But that is not the intent or the desire of Christians. Worshiping in the Christian faith is based on the belief that Jesus Christ is the son of God. Christians believe that Jesus died, was buried, and rose again to sit at the right hand of God.

Holiday cheer is a mindset. It’s that time of year when we should take an extra moment to stop the madness of our hectic days and enjoy a spirit of fellowship with others. Saying something kind or smiling at a stranger and wishing them a Merry Christmas is a form of Holiday Cheer.

Holiday cheer is not specific to a belief or religion. It is a universal attitude of joy, hope, thankfulness, and most importantly, the desire for peace that is shared by all people of all religions, beliefs, and nations.

As we gather together this holiday season, let us remember that we are all one family, joined together by the grace of a loving God who desires for us to live together in harmony. It is my prayer that all of the Legion family has a blessed and safe Christmas season full of Holiday Cheer!

Peace be with you,

Michael Schwartz
Chaplain
Department of Georgia

I want to thank everyone for the opportunity to serve you as your Commander this year. The National Commander has selected a maritime theme for membership, and we have been designated the USS GEORGIA. As we sail through the year, we are in a competition with the USS TENNESSEE to see who can get to 100% the fastest and be the leader at the May National Meetings. Our ship will dock briefly to hold our annual Polar plunge at Evans Post 192 (Pool nearby) January 18-20. All officers are subject to the plunge and the depth of the pool they are to jump into will be determined by the donations sent in for them. Let’s get them good and wet. Send in the name of the officer you want plunged and a donation to insure proper depth. All donations will be used to help the Commander’s Project and the VA Hospitals. The Detachment was well represented at the National Convention in August and the National executive Committee meetings in October, both of which were held in Indianapolis, IN.

With the passage of the LEGION Act the SAL has had to make a few changes. First our membership eligibility has changed to include all male descendants of American Legion Members and those who would be eligible for The American Legion, but have subsequently passed away and Male descendants of all honorably discharged members of the US Military, since December 7, 1941. Second our preamble has changed to insert “all wars” in place of “the great wars”. This will include all wars since December 7, 1941. Congratulations on The American Legion and American Legion Auxiliary on their 100th Anniversary, The Georgia Sons of the Legion look forward to working with the family for another 100 Years We hope everyone had a nice Thanksgiving and look forward to a great Christmas.

Who are we and what do we do within the American Legion? Today over 425 American Legion Riders programs, organized by chapters, districts, or departments, in the United States and 43 in the state of Georgia, supporting programs of the American Legion from Americanism, Children and Youth programs and the Legacy fund in virtually every state in the nation, and more are organizing each month. We are a very diverse group of American Legion family members that love to ride motorcycles. Making, The American Legion Riders one of the fastest growing and most highly visible of the many programs offered by The American Legion. For this reason, The American Legion Riders are not an MC, or a RC and we have a creed to ride by.

I would like to take this time to thank all the American Legion Riders in Georgia and across the USA for their hard work and support of the American Legion Family. Also, to wish each one a Happy and Safe Holliday. Ride safe so we can see you next year and remember We do this for the cause not the applause.

Some of this info came from the alrdog.org web site, for the cause not the applause started in FL.
The time has come to celebrate the holiday seasons, as we are sharing love one for another, let us be mindful of our Veterans, their families and communities. Keep your membership applications with you as you’re visiting the VA gift shops and visiting with family members doing your shopping and please stay alert and aware of your surroundings. Thank you for coming out to support our ALA National Vice President and VA&R Chairperson, Kathy Daudistel visit to Georgia at the VA in Augusta on December 2nd. It was a fabulous turnout showing support with the American Legion Family. And a reminder of our ALA National President Nicole Clapp visit to Georgia December 10-12th. Everyone is invited to attend!

We are now 100 years into our celebration. I had the opportunity to visit Units and Posts celebrating the centennial event and the opportunity to sit in at unit meetings, sharing idea, by using our resources developing leaders at every level. We are still raising funds for our Department Commanders Project Fundraiser, I have tickets for Spirit/Wine baskets, Patriotic Throw Pillows, Quilts, and Tablets w/Camera. Items will be raffled at our Spring Conference in March. Thank you for serving together with me, For God and Country. May God Bless you and your family until we are united again, may the Lord keep you in perfect peace. Wishing all of you in my faith, A very Merry Christmas and a Healthy, Prosperous Happy New Year.

Valerie Brown-Debro
ALA Department of GA President 2019-2020
“9/11 Angels Serving Every Veteran”

Youth Law Cadet Program

Youth Law Cadet Program

The American Legion has been involved with youth programs since its inception 100 years ago. One of the least known of these programs is the Youth Law Cadet program. There are 19 states currently sponsoring a Cadet program at the Department level. National Headquarters recognizes this program as having the potential to become a major youth program and has expanded their staff accordingly. Not only did they expand staffing to support this program, they have also created a new vision for where this program might go. Their vision is to develop Cadet summer camps at the local post or district level and have outstanding cadets advance to the Department level camp and then to advance outstanding cadets to a national program.

Georgia is already on the cutting edge of this new vision. Three years ago the first Youth Law Cadet Camp was initiated at Post 112 in Dalton, Ga with 19 cadets. This was a one week day camp and was developed with the help of the school resource officers with the Dalton police dept. The program utilized training modules already in place at the police dept and required no program development. The school resource officers along with other officers of the department served as cadre, therefore requiring minimum personnel from the Legion.

Georgia is the only state with a local program and we have the opportunity to become a leader in this new vision of what Law Cadet can become. To do this we need to have other post who wish to reach out to youth in their area and support their local law enforcement agency, step up and explore the possibility of establishing a program. It’s easy, requires little expenditure, requires little Legion participation and provides an opportunity to support both the youth and law enforcement. Win-Win.

For more information or assistance in establishing a program, contact Dewey Moss at dmoss2@windstream.net or 706 463 1674
I am sure that you have noticed that is “that time of year” again. You got it right – it is time (if you haven’t already started) to contact your schools and get the preliminary work started for the Department of Georgia’s Premier Youth Program – GEORGIA BOYS STATE!

For the 2020 Session,

• We will return to Riverside Military Academy in Gainesville, Georgia.
• The cost per student has not changed: $250.00 per.
• Our dates, once again include Memorial Day.
• Dates for 2020 are May 24th thru May 30th.

This year not only will be on Facebook (American Legion Georgia Boys State) and website (www.dogboysstate.org), we will also be “live streaming) some of the classes, general session as well as some of the House and Senate in session. Follow us for the day and time of the live stream.

On behalf of our Department Commander, Eddie Asberry, please strive to increase the number of students. Commander Asberry, Program Dean, Bob Beauchamp and I would like to see our numbers increase to 400.

Please come to the Boys State breakout at the Department’s Spring Conference in Duluth.

Local veterans gathered at Veterans Memorial Park

Local veterans gathered at Veterans Memorial Park in Newnan to lay wreaths in remembrance of fallen Cowetans on Dec. 14.

“Service – that’s what makes America great,” said Robert Wood, Commander of AMVETS South-Metro Post 142, in the opening statement of the ceremony. “Going to protect your country is what makes us great.”

Wreaths Across America began in 1992 when the Worcester Wreath Company donated a surplus of wreaths to Arlington Cemetery. A viral photo of the wreaths in 2005 caused the event to spread around the country to veterans memorials and cemeteries.

Five of the wreaths were to honor those who served in World War I, World War II, the Korean War, the Vietnam War, and the War on Terror.

A wreath was placed to honor the military members who are POW and MIA. Another wreath was laid to recognize all service members.

The remaining two wreaths were placed at the statues honoring Medal of Honor recipients from Coweta County.

“Service before you represent our commitment as a united America to remember the fallen,” said Veda Brooks, commander of American Legion post 57. “We also want these holiday wreaths to symbolize our honor to those who have served and are serving in the armed forces of our great nation and to their families who endure sacrifices every day on our behalf.”

The ceremony is coordinated each year by John O’Connor, a local veteran and former commander of VFW post 2667. He said he started the ceremony after seeing the one held at the Arlington National Cemetery on the news.

“At the time I was the commander of the VFW post and saw mention of it in the news and thought it would be a good idea to do here in Newnan,” he said. “I think it’s very important to remember the sacrifices of the men and women. I think it brings some semblance of relief to their families that they’re not forgotten.”

Hendrix honored as Coweta County Veteran of the Year

For years, G.D. Hendrix has helped plan the Veterans Day and Memorial Day programs in Newnan, welcoming guests and orchestrating the ceremony, but on Friday, he was greeted and honored as Coweta County’s 2016 Veteran of the Year. He was recognized during the Veterans Day ceremonies at Veterans Memorial Plaza at the city park at Jackson Street and Temple Avenue after serving as the grand marshal of the

G.D. Hendrix, presented awards at the East Coweta JROTC awards program.

Left to right are Rick Galeano, Anna Galeano, G.D. Hendrix and Tim Smith. Anna was recently presented a certificate of appreciation by Hendrix and Smith at Lee Middle for her donation to the American Legion 57 Relief Fund, which helps Coweta veterans.
"As a pediatrician, I know kids need help processing the changes that come when a parent has an injury or illness. Hero at Home is a heartfelt, one-of-a-kind book that simply and beautifully explains to children the life of our wounded heroes and their families. This book is the perfect start to a conversation we all need to have about our heroes that return home with new challenges in daily life" (Mark S. Reynolds, MD). "In Hero at Home, Sarah Verardo teaches Americans of every age how to view the wounds of our veterans with understanding and compassion. Through a sweet and patriotic tale, Sarah reminds our nation of the pride and respect we owe those who served and their loved ones. As a devoted wife and caregiver to Mike, doting mother to three beautiful young girls, and committed ve... An important read for those wishing to embrace the Wounded Heroes in their community and better understand that for these Heroes, the fight doesn't end when they return home. The mission continues and is a family affair. Injuries from military service can be both visible and invisible. "Hero at Home" celebrates the contribution that our Veterans have made and shines a light on how vital it is to embrace these special families.

Sarah Verardo is the Caregiver to her husband, Michael, one of the most severely wounded Veterans from the Global War on Terror. While serving as an infantryman with the 82nd Airborne in Afghanistan, he sustained catastrophic and life-changing injuries in 2010. His long road home has included 119 surgeries and years of speech, visual, physical and occupational therapies. Sarah has dedicated her life to the care and recovery of her husband, and to Veterans and Caregivers nationwide. Sarah and Michael live outside of Charlotte, North Carolina with their three young daughters and three golden labs. Sarah and Michael know that for the wounded, the fight never ends. They proudly continue their service on the Homefront by enacting policies, programs, and change for severely wounded Veterans and their families. Sarah is the Chief Executive Officer of The Independence Fund.

New book explains physical injuries of wounded Veterans to children

For the three young daughters of wounded veteran, Michael Verardo, his missing limb is a symbol of heroism. After Verardo’s oldest daughter told her mother, Sarah, before bed one evening that, “Someone told me Daddy is gross, but he isn’t gross, he’s a hero!”, the family realized there was no book that explained these types of wounds to children. Sarah Verardo is the wife and Caregiver to Michael, and also the Executive Director of The Independence Fund. Following her daughter’s bedtime declaration, she decided to do something to help all children understand the serious injuries of war, so she authored and published a first of its kind children’s book, Hero At Home. Complete with captivating imagery and illustrations of a wounded Veteran, Hero At Home, is an educational and heart-warming story that normalizes these catastrophic conditions and teaches even very young readers how to welcome, understand, and support these resilient veterans and their families.

“There are many military families, who struggle with explaining the complex injuries to their own children, and even more so with children who are not exposed to this life on a daily basis,” said Sarah. “Our goal with this book is to be able to describe this in a way that allows children to understand the sacrifices made by our Nations wounded Veterans; and to see that they are truly heroes.”

Michael is one of the most severely wounded Veterans from the Global War on Terror. While serving as an infantryman with the 82nd Airborne in Afghanistan, he sustained catastrophic and life changing injuries in 2010. His long road home has included more than 100 surgeries and years of speech, visual, physical and occupational therapies. Sarah has dedicated her life to the care and recovery of her husband, and to Veterans and Caregivers nationwide in addition to raising their family. Sarah and Michael live outside Charlotte, North Carolina with their three young daughters and three golden labs. They know that for the severely wounded, the fight never truly ends. They proudly continue their service on the home front by supporting the enactment of policies, programs, and changes to improve the lives and the future for severely wounded veterans and their families.

• And Much More

Remember to support our Youth Programs

National Emergency Fund (NEF)

There when you need it most

As we review the actions, efforts and accomplishments of this Legion year we can continue to focus on our National Emergency Fund’s (NEF). As most of you know, this fund was established to provide for lodging and emergency financial assistance as a result of natural disasters and events. Aid to Legion family members and/or Post eligibility is established by a declarations of ‘emergency disaster status’ by state authorities and is the basic requirement for eligibility. Historically NEF has provided more than $72,000.00 in assistance to local individuals and Post since its inception.

Note that, most of NEF funds come from donations by AL family members. Without these gifts NEF would no longer be able to provide this safety net in emergency assistance.

Your National Emergency Fund (NEF) serving the pillars of our organization ‘Care for veterans, Children and Community, and assistance to those in need, a true American value.

For additional information please contact Department, District leadership or directly to R. Jacobs (rjacobs315@gmail.com) Dept of GA, NEF committee chair.
Faces In The Crowd

We will Never Forget
